

Team Status Update

Following the last project update and based on the feedback received from professor Dr. Yla, we worked towards solving some of the issues which were pointed out. We corrected the abline plots and made the abline horizontal. We re-stated the conclusions and chose our words to align with a more formal tone. We visualized the relationship between the dependent variables and the independent variables via the help of a scatter plot and a bar plot as required.

During the final stages of the project, we distributed the work evenly amongst us. Each question was reviewed by all of us independently and we recognized the missing information and collaborated towards solving and completing it.

Point Allocation agreement

Name	Email	Point Allocation
Arpit Chandra	arpitchandra92@gmail.com	25%
Shashank Kava	skava@umd.edu	25%
Khushal Navani	knavani@umd.edu	25%
Prerak Sheth	psheth@umd.edu	25%
